

NEW YORK JETS GREENING GRAPHIC SYSTEM

Rutherford, New Jersey 2010

CLIENT

NEW YORK JETS

Rutherford, New Jersey

PROJECT TEAM

Infinite Scale Design Group (Environmental Graphic Design), VGS + NCG (Production + Installation).

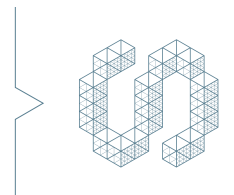

- ▶ The New York Jets enlisted Infinite Scale to “green” their new home – The New Meadowlands Stadium. This project included a gameday graphics system that was cohesively applied from the exterior toll plazas to the interior stadium bowl. Custom game day graphics were also created for the Jets Ring of Honor, TriVision graphics, plaza banners, concourse graphics, Jets locker room, field wall and the JetBlue airline design.
